

# Had An Auto Accident? Will You Get Arthritis?

**If You Wait It Might Be Too Late**

**Mt. Laurel, NJ** According to a new study an individual who has suffered even a minor accident (5 mph) may be up to six times more likely to develop arthritis. In another study published in the medical journal Injury, the authors found that 86% of those individuals involved in motor vehicle accidents still had symptoms 10 years later. To obtain a free report call the recorded message toll free 24 hours a day at 1-800-810-9391 and leave your name and address.
